

CONGRESS 2010

AN INTERNATIONAL CONFERENCE ON

MATERIALS FOR EXTREME ENVIRONMENTS & TIMES

20 - 23 SEPT 2010 | SHANGRI-LA HOTEL | KUALA LUMPUR | MALAYSIA

The first Materials Congress to be organised outside of the UK will be hosted in Kuala Lumpur in September 2010, to coincide with the 50th Anniversary of the IOM3 Malaysian Branch.

Addressing the issues of Materials for Extreme Environments and Times, the two-day technical programme will identify materials and processes to meet both industry and society demand and will provide a unique review of new materials R&D and product innovation.

THEMES COVERED WILL INCLUDE

materials for oil & gas | testing & characterisation
materials in design | green materials | materials innovations

THIS EXCITING CONGRESS WILL FEATURE

plenary lectures | symposia, featuring keynote lectures and oral presentations from industry experts | poster presentations | industry masterclasses | exhibits | industry visits | final of the Young Persons' World Lecture Competition 2010

CALL FOR PAPERS

Prospective authors are invited to submit abstracts of up to 500 words by 31 March 2010 via the Congress website, for consideration for inclusion in programme. Presentations, posters and all written material will be in English.
