MOGSC Bowling Tournament

Kuala Lumpur, 23 August 2008

On Saturday, 23rd August 2008, the Ampang City bowling centre was packed to the brim with enthusiastic bowlers from the Oil & Gas Industry. When MOGSC announced its inaugural bowling tournament, the organisers were bowled (!) over by the fantastic response from members.

It was very much a casual event with whole families turning out to support the bowlers and it didn't stop several very professional teams turning out in full kit and personal bowling balls.

Congratulations to the winning team!

Aveva South East Asia Conference

Singapore, 4-5 August

The AVEVA South East Asia Conference 2008 was held on 4th-5th August at Rasa Sentosa Resort, Singapore. The event was attended by 142 delegates, representing 53 Oil & Gas, Shipbuilding, and Process Engineering related companies from Indonesia, Malaysia, Singapore and Vietnam.

The President of Malaysian Oil & Gas Services Council, Sofiyan Yahya, started the conference with his Keynote speech titled 'Overview of Regional Oil & Gas Industry'.

Aveva South East Asia Conference....ctd

In the Plant session during the conference, amongst the highlights were updates on AVEVA Plant solutions including AVEVA PDMS, AVEVA P&ID Manager and AVEVA ReviewShare. In the Marine session, delegates got to view the latest solutions in the AVEVA Marine solutions range. AVEVA also introduced their latest open Project Lifecycle Management solution – AVEVA NET.

Delegates also had the opportunity to see how Engineering IT was applied at their peers' companies during the various presentations made by guest speakers namely from PT Nippon Steel Batam (Indonesia), SGK Techno-venture Pvt. Ltd, Keppel Singmarine (Singapore) and Conceptia Software Technologies Pvt. Ltd (India).

Dave Wheeldon, Group Product Director, AVEVA Solutions Ltd "Future of IT Engineering Collaboration"

Derek Middlemas, Executive Vice President, Business Strategy, AVEVA Solutions Ltd "AVEVA Business Overview & Strategy"

NT Anildas, CEO & MD, Conceptia Software Technologies Pvt. Ltd. (India) "Collaboration for a Strategic Partnership"

(L) Thomas Yip, Vice President Sales, AVEVA SEA II (R) Rozita Mohd Nor, Vice President Sales, AVEVA SEA I "Welcome and Closing Note"

Fun and games post-conference.

SIEMENS INDUSTRIAL WORKSHOP First Company In **SIEMENS** Peninsula Malaysia to Receive Renowned IECex Certification

With a drive to continuously improve service and product excellence for its customers, Siemens Industrial Workshop, a part of Siemens Industrial Solutions, received the scroll of certification from SIRA, making it the first company in Peninsular Malaysia to receive the IEC-ex certification of European Standard.

SIRA, a UK based company, is a respected leader in conformity assessment solutions field specializing in explosion safety of equipment used in potentially explosive atmospheres.

“The certification gives Siemens Industrial Workshop competitive advantage with customers in the areas of Oil & Gas, Petrochemicals and even the Marine industry, apart from keeping abreast with customers’ requirements,” said Siemens Industrial Workshop Senior Vice President, Andreas Stoegner.

“After vigorous audits on every inch of the workshop, from documents in files and processes in place, to the core of staff knowledge and know-how, Siemens Industrial Workshop can now frame their excellence under the IECex certification of European Standard, the only recognized standard by flagship companies like PETRONAS and SIRIM.

“For a company like us, where innovation is our core business, the IECex certification was just what we needed to further strengthen our name as the leaders in the industry. With this added merit, our customers can certainly have more confidence in our products, service and solutions,” Stoegner elaborated.

The Siemens Industry Sector is the world's leading supplier of production, transportation and building technologies. With integrated hardware and software technologies as well as comprehensive industry-specific solutions, Siemens increases the productivity and efficiency of its customers in the fields of industry and infrastructure. The Sector consists of six divisions: Building Technologies, Industry Automation, Industry Solutions, Mobility, Drive Technologies and Osram.

Siemens has been in operation in Malaysia for 36 years, where the German engineering giants three main business sectors focuses on Energy, Industry and Healthcare.

MOGSC : Supporting the Oil & Gas Industry

The Malaysian Oil & Gas Services Council or MOGSC was formed on December 1, 2003 to showcase the capabilities and expertise of service companies operating within the realms of the dynamic oil & gas industry.

Mooted by the PETRONAS Cost Reduction Alliance or CORAL in 2001, MOGSC represents a business forum for the oil & gas services companies to achieve regional and global recognition and success.

Aims & Objectives

- * To represent Malaysian Oil & Gas service providers in promoting their interest & growth.
- * To contribute towards nation building through the Oil & Gas industry in Malaysia.
- * To position Malaysia as an internationally recognized Oil & Gas industry resource for products & services.
