MOGSC Gala Dinner 2008

Dinner date: Kuala Lumpur, 14 November 2008

One of 2008's most memorable gala dinners will be held on Friday, 14th November 2008 at the Nikko hotel in Kuala Lumpur.

The evening will be filled with entertainment from world-renowned percussionist Steve Thornton of the USA (Thornton has also worked with and appeared on albums by Sadao Watanabe, Herbie Hancock, Mongo Santamaria, jazz legend Miles Davis, and pianist McCoy Tyner, as well as Tracy Chapman, Mariah Carey, and Michael Jackson.), infectious dance moves from the Malaysian Punjabi Bhangra group—Malaysia's one and only National and Bollywood Bhangra group, and stirring performances from the lovely Malaysian songstresses Salamiah and Atilia.

The evening will be inspired by the upcoming James Bond film, so be prepared for some exciting surprises!

Tables are now available for sale at from RM4,000 to RM10,000. Sponsorship of lucky draw prizes are very welcome. Please contact the Secretariat for tickets and sponsorship. See you there!

MOGSC Presentation to SAFER in Yemen

Yemen, 13th August 2008

The President of MOGSC made a presentation of Malaysian Service Providers to SAFER, a nationally owned oil & gas operator.

SAFER is relatively new and there are a number of Malaysians working in SAFER. A presentation was also made to YLNG, an LNG plant owned by TOTAL and Yemen.

MOGSC Members' Forum I - Status Brief & Update

MOGSC held its inaugural Members Forum on 29th, July 2008. The main objectives of the MOGSC Member's Forum are for members to discuss and provide feedback on matters related to their business and the industry.

With more than 60 participants attending, the Forum was a resounding success with excellent participation by all attendees.

The discussions covered a wide variety of topics including :-

- Licence application, processing of Licence and related issues
- Issues related to Tendering processes
- General shortage of skilled-manpower and threat to projects
- Networking/mentoring opportunities among member-companies
- Threat from rising costs
- Support from Government and relevant statutory bodies
- Training and skills upgrading
- Online bidding

Based on the issues discussed, the MOGSC EXCO has deliberated and followed-up with actions, one of which is to establish a long term platform to address issues effectively on a regular basis.

Other actions will involve engaging relevant parties and some will require MOGSC members to support and direct participation.

For detailed information please contact the MOGSC Secretariat.

MOGSC Members' Forum (continued)

MOGSC : Serving the Oil & Gas Industry

The Malaysian Oil & Gas Services Council or MOGSC was formed on December 1, 2003 to showcase the capabilities and expertise of service companies operating within the realms of the dynamic oil & gas industry.

Mooted by the PETRONAS Cost Reduction Alliance or CORAL in 2001, MOGSC represents a business forum for the oil & gas services companies to achieve regional and global recognition and success.

Aims & Objectives

- * To represent Malaysian Oil & Gas service providers in promoting their interest & growth.
- * To contribute towards nation building through the Oil & Gas industry in Malaysia.
- * To position Malaysia as an internationally recognized Oil & Gas industry resource for products & services.
